

**LINCOLN/LANCASTER COUNTY PLANNING STAFF REPORT**  
**for May 14, 2003 PLANNING COMMISSION MEETING**

**P.A.S.:** Waiver #03005

**PROPOSAL:** Applicant is requesting a waiver to the requirement that sidewalks and street trees be installed within four years of final plat approval. Applicant is requesting a two year extension.

**CONCLUSION:** Aspen 6<sup>th</sup> Final Plat was approved by Planning Commission on December 10, 1998. The subdivision ordinance requires that sidewalks and street trees be installed within four years of the final plat approval. The applicant is requesting a two year extension.

The completion of the sidewalks would eliminate gaps in the sidewalk system. Public Works opposes an extension of time for the installation of sidewalks.

Planting street trees on lots prior to development could result in the trees being destroyed or planted where a driveway may be located. Therefore an extension of time for the installation of street trees is acceptable

<b><u>RECOMMENDATION:</u></b>	Denial to extension of time for sidewalks Approval to extension of time for street trees.
